

# Fall 2019 Session

## Weekly Play & Learn

### **Joyful Noises with Miss Joy or Miss Sharon Ages 18 months to 5 years -**

Joyful Noises is a class where children get to investigate and play in a child friendly, exciting classroom. During exploration time, parents can guide their children through an art project focusing on developing various skills while having fun together. The class ends with circle time which may include songs, stories, dancing, and music. The hour is full of the joyful noises of laughter and happy chatter from both children and caretakers!

**Held in Room F-3 in Colchester Elementary School. Session dates below:**

### **Registration for lottery required:**

Classes are free but space is limited. In an attempt to give more families and new families a chance to experience the class, registration is done through a lottery system. You can choose to enter into the lottery for as many time slots as you would like but will only be placed in one. List class selection in order of preference when registering. Siblings outside class age ranges are welcome but please note if other children will be attending with you. To register for the lottery or for questions, please email Dawn LePage at [dlepage@colchesterct.org](mailto:dlepage@colchesterct.org).

**Registration will go through September 13th. The lottery drawing will take place the following week and families will then be notified if they were chosen.**

C3 uses a significant amount of its funding to offer these sessions. Low attendance in classes reduces the group experience for everyone and is not an effective use of our funding. Therefore, please make sure you are able to attend most of the classes before you register. Families that do not attend at least 75% of class sessions will not receive priority in the next session registration.
